# 4

## SW2-E220 TDC

Multifunction 2 pole alternator  
with SCR technology control,  
for engine driven DC welders

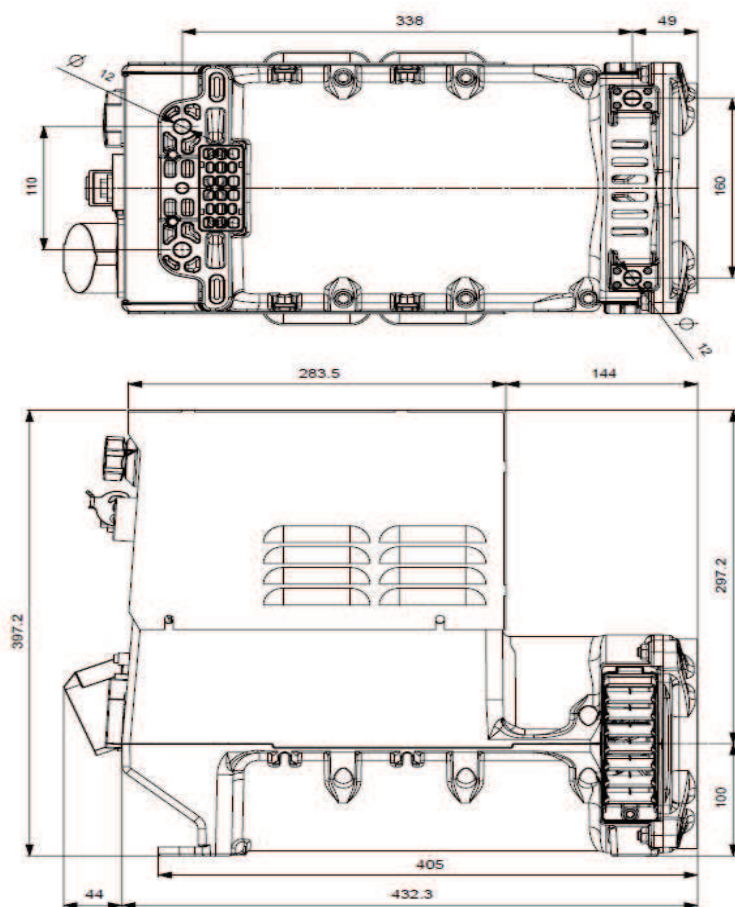

# 4 in 1 functions:

- ★ **DC welder** with Arc Force regulation for all kinds of electrodes (rutil, basic, cellulose) and remote control connector
- ★ **AC generator** with single & three-phase outputs
- ★ **Battery charger** with protection device against polarities inversion
- ★ **Jump Starter** V.13/350 Amps in one shot, for rescue operations even in the most inaccessible areas

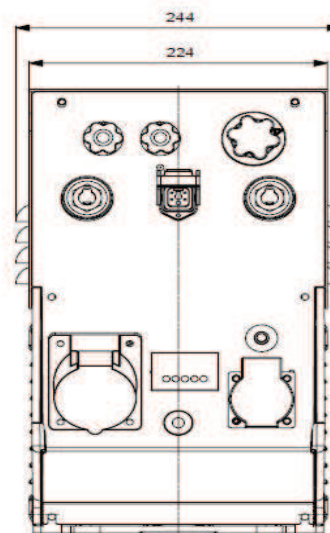

## Electrical data

rpm	3000	
★ welder		
current (duty 35% - 10 min)	220 A	
★ AC generator		
V	3x400	1x230
kVA	6,5	3
★ Battery Charger		
V	12 / 24 / 36 / 48	
★ Jump starter		
Max current at 13V	350 A
